

COVENCO RECOVERY SERVICES  
SPECIALISTS IN DISASTER RECOVERY

## NEWS RELEASE

### **Covenco Recovery Services to offer Tenet Computer Group Inc.'s Business Continuity Application PINpoint for BlackBerry® in the United Kingdom (U.K.)**

*Covenco Recovery Services has signed a Reseller Agreement with Tenet to provide their PINPoint Business Continuity Application to UK customers in Government and Commercial Sectors*

**Toronto, ON – November 16, 2010** – Covenco Recovery Services, a leading provider of Business Continuity, Disaster Recovery and Data Availability Solutions in the UK, has signed an agreement with Tenet Computer Group Inc. to resell their PINPoint for BlackBerry® application.

Tenet's mobility products are a set of business applications designed to provide extremely high return on investment (ROI), by allowing organizations to immediately start leveraging the benefits of mobile technology in a matter of hours or days, not months. This objective is accomplished by leveraging the systems already available in the organization and focusing on "mobilizing" access to information and participation in business processes. "We are extremely excited to have such a focused organization like Covenco to represent us in the UK", emphasized Rick Jordan, Tenet's Director of Mobility Sales & Strategic Alliances.

Part of the Covenco Group of Companies, **Covenco Recovery Services** provides reliable and dependable Business Continuity, Disaster Recovery and Data Availability Solutions to some of UK's most demanding industries, including legal, accounting, banking, and financial services. "We are always looking for "best of breed" solutions that add value to our customer base" said Gurdip Sohal, Covenco Recovery Services Sales Director. "PINpoint for BlackBerry® and Tenet's other mobile continuity applications target a real need in the market, they are solid applications that will allow our customers to run their business more efficiently from day one" he goes on to say.
