

Vision PowerPack for Covenco

Valuable Protection in a Nonstop World

In today's nonstop marketplace, companies have become so dependent on core systems such as an ERP solution, that if their systems fail, many of their operations halt because the availability of information plays a critical role in the overall business.

The Vision PowerPack™ for Covenco is a customized offering that helps companies fulfill their commitments to customers and maximize business performance by keeping systems protected and available.

DKSH Protects Its Global Shared Services Center with Vision Solutions

"At DKSH, having a top quality disaster recovery capability is not negotiable."

DKSH

– M.K. Lee, Operations Manager

Vision HA Keeps Staples Up and Running

"We can meet our service level agreements and people don't even know that they're now running on the backup system. That's really satisfying."

– Jon Weigens, Senior Consultant

that was easy.™

Vision Solutions. Easy. Affordable. Innovative

Vision Solutions is the world's leading provider of high availability, disaster recovery and data management solutions for IBM® Power Systems (IBM i and AIX). Vision's comprehensive range of solutions includes powerful, integrated support for environments of all sizes.

Protect and Optimize Your Business Intelligence Investment

Vision Certified Services professionals understand how to protect and optimize your environment, maximizing your investment in IBM technologies. Based on your specific needs, this customizable, bundled solution enables you to:

Improve High Availability and Disaster Recovery Capabilities

- Improve the efficiency of data replication for your high availability environment
- Protect essential objects and assets
- Reduce the recovery window in your disaster recovery plan

Reclaim and Manage Storage

- Leverage the comprehensive view of all objects on your system
- Automatically manage disk utilization
- Realize significant cost savings from reclaimed storage capacity

Improve Application Performance

- Improve batch performance and interactive response times of business applications
- Easily investigate and take action to resolve application and database problems
- Reduce planned downtime

Automate Systems Management—No Downtime!

- Optimize the system without downtime
- Save operator time and reduce risk
- Improve efficiency for experienced systems administrators

As IBM's largest high availability Premier Business Partner, Vision Solutions oversees a global network of certified business partners and services and support professionals to help customers achieve their business goals.
